The screenshot displays the PrestaShop 'Orders' management interface. On the left is a sidebar with navigation links: Dashboard, Catalog, Orders, Customers, Price Rules, Modules and Services, Shipping, Odoo Real Time Sync, Localization, Preferences, Advanced Parameters, Administration, and Stats. The main content area is titled 'Orders' and features a table of order data. A 'Bulk actions' dropdown menu is open, showing options: 'Select all', 'Unselect all', 'Change Order Status', and 'Synchronize with Odoo'. A red arrow points from the 'Synchronize with Odoo' option to the table. The table contains 11 orders with columns for checkboxes, order IDs, order references, status, shipping status, country, customer name, total amount, payment method, payment status, and date.

For version 1.7

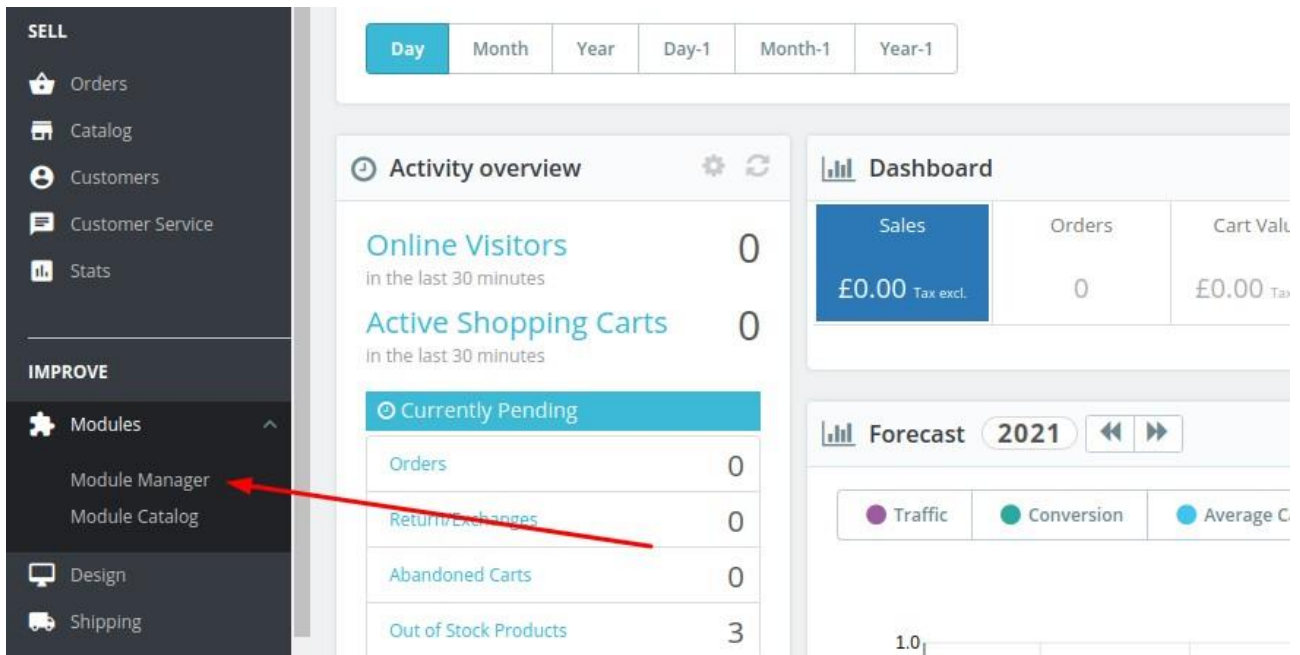

1 . Open Backoffice of Prestashop

The screenshot shows the PrestaShop 1.7.8.1 backoffice dashboard. The top navigation bar includes the PrestaShop logo, version 1.7.8.1, a 'Quick Access' dropdown, a search bar, and links for 'View my shop', 'Demo mode', and 'He'. The left sidebar contains a 'Dashboard' link and two main sections: 'SELL' (Orders, Catalog, Customers, Customer Service, Stats) and 'IMPROVE' (Modules, Design, Shipping, Payment, International, Marketing). Below these are 'CONFIGURE' options (Shop Parameters, Advanced Parameters). The main dashboard area features a 'Dashboard' title, a date range selector (From 2022-02-01 To 2022-02-01), and a 'Day' tab. The 'Activity overview' section shows 'Online Visitors' (0), 'Active Shopping Carts' (0), and 'Currently Pending' items (Orders: 0, Return/Exchanges: 0, Abandoned Carts: 0, Out of Stock Products: 3). The 'Notifications' section shows 'New Messages' (0) and 'Product Reviews' (0). The 'Customers & Newsletters' section shows 'New Customers' (0). The 'Dashboard' section displays a table of key metrics: Sales (£0.00 Tax excl.), Orders (0), Cart Value (£0.00 Tax excl.), Visits (0), Conversion Rate (0%), and Net Profit (£0.00 Tax excl.). Below this is a 'Forecast' section for 2021, showing a line chart for Traffic, Conversion, Average Cart Value, and Sales. The right sidebar contains 'PrestaShop News' with articles about boosting conversion rates and fixing 404 errors, and a 'PRESTASHOP UPDATE' link.

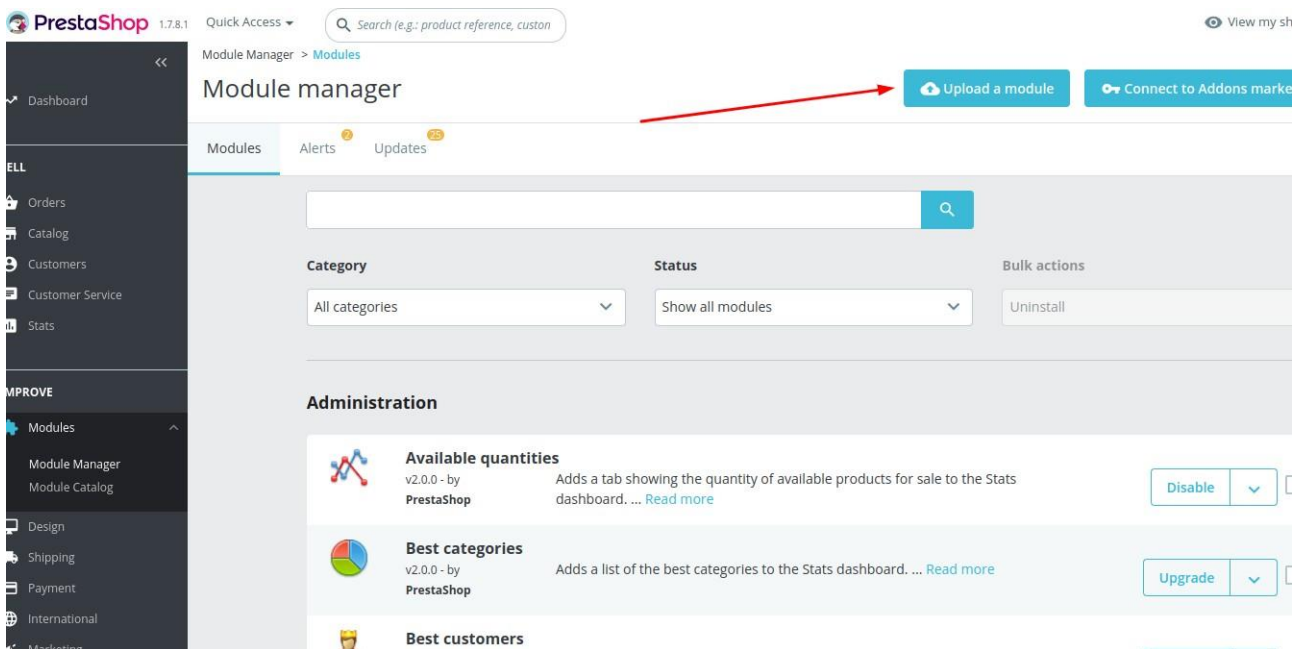

2. Go to 'Modules'

This screenshot is identical to the one above, showing the PrestaShop 1.7.8.1 backoffice dashboard. A red arrow points to the 'Modules' link in the 'IMPROVE' section of the left sidebar.

3. Select 'Module Manager'

4. Click on "Upload a Module"

After uploading the Module, it will be installed

5- Click on Odoo configuration fill details

- Url of odoo end
- Port
- Database name
- Password
- Realtime Sync

and click to save and stay

The screenshot shows the 'Odoo Configuration' page in PrestaShop. The left sidebar contains navigation links for 'Stats', 'IMPROVE' (Modules, Design, Shipping, Payment, International, Marketing), 'CONFIGURE' (Shop Parameters, Advanced Parameters), and 'ODOO REAL TIME SYNC' (Odoo Configuration, Export Manual Orders). The main content area is titled 'Odoo Configuration' and contains the 'POB Connection Configuration' form. The form fields are: Url (http://192.168.5.210), Port (8016), Database (DB10), User Name (admin), Password (masked with dots), and Instance (Choose an Instance). The 'Real Time Sync' toggle is set to 'Yes'. At the bottom right, there are two buttons: 'Reset Settings' and 'Save and Stay'. A red arrow points to the 'Save and Stay' button.

- Select the instance and click to save and stay

The screenshot shows the 'Odoo Configuration' page in PrestaShop. The left sidebar contains navigation links for 'Dashboard', 'SELL' (Orders, Catalog, Customers, Customer Service, Stats), 'IMPROVE' (Modules, Design, Shipping, Payment, International, Marketing), and 'CONFIGURE' (Shop Parameters, Advanced Parameters). The main content area is titled 'Odoo Configuration' and contains the 'POB CONNECTION CONFIGURATION' form. The form fields are: Url (http://192.168.30.148), Port (8018), Database (demo15), User Name (admin), Password (masked with dots), and Instance (prestashop (Default Language: English)). The 'Real Time Sync' toggle is set to 'YES'. At the bottom right, there are two buttons: 'Reset Settings' and 'Save and Stay'. A red arrow points to the 'Save and Stay' button. Another red arrow points to the 'Instance' dropdown menu.

After success full connection orders will be synced in real-time form presatshop to odoo

6- For bulk operation of order synchronization click in “Export Manual Orders” Tab ,
select the orders then click on “synchronize to odoo”

The screenshot shows the 'Export Manual Orders' interface. On the left is a sidebar with navigation options: ROVE, Modules, Design, Shipping, Payment, International, Marketing, FIGURE, Shop Parameters, Advanced Parameters, and a section for REAL TIME SYNC containing Odoo Configuration and Export Manual Orders. The main area displays a table of orders with columns for selection, ID, reference, status, country, customer, amount, payment method, status label, date, and user. A bulk actions menu is open over the table, showing options: 'Select all' (checked), 'Unselect all', and 'Synchronize with Odoo' (checked). A red arrow points to the 'Synchronize with Odoo' option. The table contains 14 rows of order data. At the bottom, there is a 'Bulk actions' dropdown, a 'Display' selector set to 50, and a pagination bar showing 44 results.
